Experimental Chemistry II: Knowledge is Power & Learning is Fun

CH464/464H Fall 2010

The unique Integrated Chemistry lab experience. From top left: the hexagonal diffraction pattern from a laser pointer incident on the etched checkerboard pattern, senior undergrads working in the lab, term-end pizza party, the 3D and 2D AFM images of the checkered gold nanopattern.

Department of Chemistry Oregon State University Corvallis, OR 97331
