

Course Plan for Academic Year 2007- 08

Student's Name: _____

During the first week of Fall term all GTAs and GRAs must file a program plan with the Graduate Committee for the academic year. (see Graduate Pamphlet) These program plans will be kept in the student's file. Turn forms in to David Finch after they are filled out and signed.

The major professor must approve and sign the form. Any changes to the program during the year must be approved and signed by the major professor on an updated form. Changes should be filed by the end of the first week of the term in which the changes occurs. A member of the graduate committee takes the place of the major professor for those students who have not yet filed programs.

GTAs and GRAs are expected to sign up for 15 credits including possible MTH 506 (tutoring in the MLC) and MTH 507 (seminar for graduate math majors). Details can be found in the revised graduate pamphlet of August 2007.
